

# Cross Slot<sup>®</sup> Seeding into Yellow Clover

Willow City, ND July 2011

# Summary

- ◆ Cross Slot demonstrates its flexibility and ability to seed directly into heavy residue loads in a one-pass seeding operation.
- ◆ The seeding took place on the farm of Kevin Larson, Willow City ND.
- ◆ The ground did NOT require any preparation other than spraying before it was seeded.
- ◆ The ground was seeded with a cover crop mix of millet, peas, wheat and clover.
